(2) The Municipal Board of Mysore resolved in their Proceedings dated ~~2nd September~~ August 26/9/1896 ~~resolved~~ to open a dispensary at Nazarbad. The Board are prepared to bear the usual quota of the dispensary charges. The resolution of the D.F. Board, who should bear 2/3 cost of the charges has not been submitted. May the D.F. (3) In 1892. the Municipal Board

made a similar proposal to Govt. and ~~that~~ ~~they~~ ~~requested~~ Recently it was observed that there being two dispensaries already in the town and the Senior Surgeons proposal to transfer to the Municipality the existing Fort Dispensary and to remove it to a more central locality was under the consideration of the Board and that if it should be approved the establishment of the proposed dispensary would be of doubtful necessity. The Dy Coms reported that the Board approved of the transfer and that the necessity for the establishment of the new Dispensary ceased to exist. Cto orders were passed upon this as the late Under Secy considered them unnecessary.

Opinions of Municl Comrs

A dispensary is necessary, in my opinion. If the establishment of one be sanctioned by the Board, it should be located in a central place between Nazerbad and Ittiqeyd, so that the medical aid may be placed within easy reach of the people of both Mohallas.

The undersigned is of opinion, that the opening of a branch dispensary in that Mohallah would be not only a great convenience to its inhabitants, who are now obliged when in need of medical aid, to obtain it, either from the Branch Dispensaries of Kamgerry and Old agrahara, but also lead to many getting timely medical treatment on the spot for diseases which, from the people not having a dispensary in their midst, are not infrequently altogether neglected or when medical aid is obtained is found too late to be of much benefit. For the foregoing reasons he cannot too strongly urge upon the municipality the necessity which exists for acceding to the petitioners application for the early establishing of a dispensary in that part of the town.

I have the honor to forward the enclosed petition dated the 28th instant from the inhabitants of Nanjerkad & Ittigegode Inchallahs &c. for favour of opinion in Consultation with

with the Civil Surgeon as to the necessity of Establishing a dispensary there. It would appear to the undersigned that the residents of Nazareth have a fair claim to a dispensary for the reasons stated in the petition. To

The humble petition of the Inhabitants of Nugerahad Mohalla including Shipa-pade and other adjacent villages-subs of the Mysore City

Respectfully sheweth

That your petitioners beg most respectfully to take the liberty of submitting the following representation before your honour and pray that it will meet with such favourable consideration as deserves from your honourable hands.

That since a long time there exist such rules Civil Dispensary for the medical benefits of the whole population of this flourishing City, that it was originally located at the Nugerahad Mohalla and subsequently shifted to the present distant locality close to the Railway station an enlarged scale. But this having been lately considered inadequate to the demands and wants of the increasing population, and owing to the City being accordingly extended

the paternal government of Spain
kind enough to have a Northern
& Southern Extremities, viz: at
Tulle Negrihar leading to Nuwara
-pade and the other at Peermugeera
high road leading to Lenupatabane
thus there are now three Dispensaries
all the directions, except the
Eastern side which is Nuggeraha
Upapade, and for the benefit of
those Inhabitants both European
& Native — nothing has yet been
given tho' they have every right &
claim the similar privileges
given here & there in other parts of
the City.

It is needless to mention here
that the distance of the Civil Dispensary
from Nuggeraha & Upapade is not
less than a mile or so, and that the
Population of these localities is
approximately not below 5000 &
that when they require medical
aid in urgent cases, they find
great inconvenience & trouble in
getting immediate relief.

Under these circumstances
Petitioners humbly pray that a
branch Civil Dispensary may
be opened at the Nuggeraha Mohalla
~~as called~~ in Tulle

Agraharam & Yellamgere localities. —

And for which act of kindness your petitioners shall as in duty bound ever pray for your honors long life & prosperity —

of Establishing a dispy there. It

in the petition. If the Chairman suggests
the favourable to the petitioners
request I beg to forward if the
Municipality can make the

Government observe that there are already two Branch Dispensaries in the Mysore City and the Senior Surgeons proposal to Municipal Funds to transfer the existing Dispensary and to remove the same in the Fort to a more central locality in the town is under consideration of the Municipal Board. In the event of the Senior Surgeons proposal being approved of by the Board, it is doubtful whether the new Dispensary will prove necessary. The President should submit detailed information in the matter. It is noted that the municipal establishment sanctioned for the Old Agrahar and Erangere Dispensaries costs only 9 and 11 Rs respectively and not Rs 16 as stated by the DJ Com.
